SUBDIVISION COMPLAINT

Bonaventure B. Xavier met with Selectmen along with 28 interested people to discuss drainage problems connected with a subdivision now being developed off Acushnet Road by James A. Bungert, Inc. Mr. Xavier had questions about the legality of this subdivision plan and about piping a storm drain into a brook which empties into Mat-tapoisett River. He asked that a stop order

MASTER PLAN PROPOSAL

Thomas Associates, Division of Universal Engineering Corps of Boston, proposed to update the town Master Plan for a sum not to exceed \$5,000. The Town Master Plan was made in 1965. The reason given for the update was the various State and Federal grant provisions that require that the recipient's Master Plan be updated within 5 years.

The chairman of the Board of Selectmen, Robert Silveira, said that town meeting approval would be required for this purpose.

REQUEST CABLE TV MEETING

The joint 3 town Cable TV Committee has submitted the proposed agreement to the Selectmen of Marion, Mattapoisett and Wareham for approval. Prior to approval, Mattapoisett Selectmen have requested a meeting with the other 2 towns to discuss the matter.

TO DISCUSS COASTAL TASK FORCE

The Selectmen of Fairhaven, Mattapoisett, Marion and Wareham will meet at 7:30 on December 19 to discuss formation of a Regional Task Force to provide input into the State Coastal Management Task Force. Mattapoisett Selectmen had contacted Governor Sargent to ask assurance that the coastal towns would not be dictated to by a task force composed of inland and Boston politicians. The Governor replied with the suggestion that the coastal towns join to offer suggestions and advice to his Coastal Task Force.

ASK GAS & ELECTRIC RATE HIKE

The Massachusetts Department of Utilities will hold a public hearing on gas and electric rate adjustment requests. The proposed rate increase, if approved, would raise additional revenue of approximately \$13,394,000.00 with the company requesting an interim rate relief of \$7,445,000.00. is \$159,900.00. This amount is the sum of town, county and state appropriation.

EXPLANATORY LETTER

The Conservation Commission wrote on November 20 to explain the denial of the town's request for the filling of Hiller's Cove to make the existing parking lot square. They stated that the 5 denial terms are self-explanatory, that the marsh is irreplaceable and that even a small section of marsh has environmental impact and therefore should not be disturbed. According to the Conservation Commission, pollutants in this area are a real problem and the town should not encourage public use of the beach area where sanitary facilities are not available. They said that the small beach would be crowded over its capacity. They suggest that pollutants be removed from Hiller's Cove and that the proposed parking lot be located in town owned woodland.

Some of the world's great banks are unbranched.

Like ours.

Not that we have anything against branches. It's just that most people like us right where we are. And they keep telling us so.

Instead of building branches, we've been building on. Putting it all together in one place. Right here on Route 6 where we're so easy to reach from practically everywhere. And the parking's easy.

Why don't you discover for yourself one of the world's great banks. What a real convenience our unbranched banking is. Either with Big Doc, our 24-hour teller out front. Or at our early-bird, triple-lane drive up window. Or in our main bank during regular hours.

Lots of banking options are yours when you bank with us. We're waiting for you. We want you to discover one of the world's great banks. Ours.

Future Nurses Volunteer

Students from three area high schools are now participating in a new Future Nurse Program at Tobey Hospital. This project, sponsored by the Tobey Hospital Guild, is arranged with the cooperation of the School Nurses and Guidance Departments of the Wareham, Bourne and Old Rochester Regional High Schools. Each Future Nurse is provided a training program by Tobey Hospital and is able to use Tobey's facilities to gain a more realistic understanding of the nursing profession.

In May, after the girls have performed at least 30 hours of volunteer service a capping ceremony will be held.

The following students are presently enrolled in the program:

SOMETHING NEW AND BETTER IN QUALITY

MEATS

You've seen our plant reaching its finishing stages and have perhaps been curious as to what we will offer. Al's Wholesale Meats is a plant unique in this area. We will bring carloads of meat direct from Iowa, which produces the finest meat in the nation. We will cut and process this meat under superior conditions with the most modern equipment.

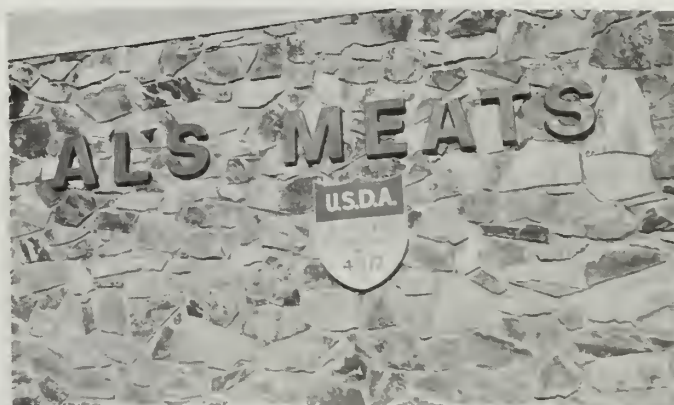

Quality will be our aim in every operation. Since Al's is and has been selling this top quality beef for 20 years to the finest restaurants in this area and will combine the volume of these sales with the retail sales from our showroom, our volume will be large enough to allow direct carload sales from Iowa at a reduced price which will allow Al to sell this top quality beef at the same price, or less, as the average chain sells theirs. Even better, Al's will feature top quality beef which the average chain store will not handle because of its slightly higher price.

Al's will be set up to serve each and every person whether the requirement is one steak or a side of beef.

Come in and personally select your meat with the help of courteous countermen, whether it be a pound of hamburger for the night's supper or a side of beef for your freezer.

Our showroom will also feature another first: a DELICATESSEN run by one of the finest chefs in the area.

Children's Museum Events

The last film in the fall series presented
by Children's Museum is a fascinating
M-G-M documentary on archaeological
investigations of early American civili-
zations entitled "In Search of the Lost
World". The 52-minute color film will be
shown at 7:30 P.M. on Friday, December
6, in the auditorium at the Dartmouth
Middle School on Hawthorn Street. A small
donation is requested at the door.

This film depicts much of what is known
of the ancient American cultures of Maya,
Olmec, Aztec, and Inca Indians as well
as the mound builders and cliff dwellers.
To justify centuries of conquest and exploi-
tation, many have characterized the Ameri-
can Indians as ignorant barbarians. This
attitude is thoroughly disproved in the film
which shows the art, architecture, and

Mattapoissett Seniors

The Mattapoissett Seniors Club held a meeting Monday, November 25, at the Drop-In Center, the American Legion Hall. It was well attended. A report was given on the Christmas Bazaar and Flea Market held November 16 for and by the seniors. It was a success financially for the seniors who exhibited and sold their crafts and wares for their own purses as well as the club treasury which received the proceeds from the refreshments sold, the white elephant table and other donated items for the club.

At this date everyone does know and has paid for the tickets for the Christmas Party at Harbor Beach Club Sunday, December 8th.

Recycling Report

"Every man, woman and child in the country throws away three to four pounds solid waste a day, on the average, or more than a thousand pounds a year.....The Environmental Protection Agency estimates that a mere 8 per cent reduction in the creation of waste could mean disposal cost savings between 70 million and 90 million by 1985." These statements are quoted from a recent article by John Hamer in The Standard-Times.

There is no doubt about it ---throwaways have become a costly problem of waste disposal for cities and towns and the burgeoning litter a blight. All people of all ages must become interested in saving our resources and environment. Though prices of secondary materials may fluctuate, the practice of recycling could eventually ease our tax burden and save trees and other natural resources.

Mary Betts, Conservation Chairman of the Mattapoisett Woman's Club and Recycling Committee member, reports that members have been dutifully saving papers and colorless glass and they are eagerly waiting for opening of the facility. Barbara Johnson, a committee

STUDDS-MAGNUSON WINS
SENATE COMMITTEE APPROVAL

Washington, D.C., November 26 -- Rep. Gerry E. Studds, D-Mass., today released the following statement on the Senate Armed Services Committee's favorable action on the Studds-Magnuson 200-mile fish bill:

"I was tremendously surprised and delighted to learn late yesterday that the Senate Armed Services Committee had approved the Studds-Magnuson bill and sent it to the Senate floor for action by the full Senate.

"This was an unexpected and very important victory for this legislation. I talked with Senator Warren Magnuson (of Washington) this morning and he now plans to bring Studds-Magnuson to the full Senate for a vote sometime next week if he has the support of a sufficient number of his colleagues.

"The history of Studds-Magnuson has been a difficult one. On the Senate side the bill has been referred to three committees: Commerce where it passed by 11 to 2, For-

eign Relations where it failed by 8 to 9, and yesterday's Armed Services where it passed 8 to 6.

"On the House side Studds-Magnuson has been stalled in the Subcommittee on Fisheries, Wildlife Conservation and the Environment because of the Chairman's opposition.

"When Senator Magnuson and I jointly introduced this measure on June 13th of 1973 we knew the opposition we faced from the Administration and the Departments of Defense and State.

"Now with the unexpected support of the Senate Armed Services Committee for the bill we are in a position to bring the bill to a vote on the Senate floor. Passage by the full Senate would bring pressure on the House to act on Studds-Magnuson.

"There is little chance of bringing the bill

to the House Floor this year but I have every hope of success for Studds-Magnuson during the 94th Congress which begins January 3, 1975.

"I personally plan to reintroduce Studds-Magnuson on the first day of the new session and I intend to continue my efforts to win the approval of the Congress for this bill which many of us consider a very necessary step in saving our domestic fishing industry."

Janice Barrows' tiny tots class will perform a Christmas Ballet.

There will be caroling and then a visit from Santa Claus for our young members. Refreshments donated by members will round out the afternoon get-together. Admission to the party is the up-to-date membership card of some member of the family. Children must be accompanied by a parent. World Mutual Service envelopes that were sent to all members so that they might give to others around the world will be collected during the program. Any member unable to attend the party may mail or bring the envelope to the main desk before December 15th.

Mrs. Roberta Kevelson, Women Outreach Coordinator at Bristol Community College, will speak on "Challenges to Women Writing Today" at the Wednesday Weekly Luncheon December 11th, at 12:15 P.M. The public is cordially welcome. Mrs. Kevelson, who is a fiction writer and poet, contributes a weekly column to Fall River Herald News.

The informal luncheon, available at 12 Noon, is also open to the public, and does not require reservations. Women shopping in downtown New Bedford will enjoy the friendly atmosphere of the Wednesday Weekly

A popular and much appreciated activity of
the Friendly Visitor Program is the Neigh-
borhood Get-together to which shut-ins
look forward each month.

This month's Get-together will be at the
YWCA Monday, December 9, from 2 to 4
P.M. Forty shut-ins are expected to at-
tend this Christmas party which will be
the largest attendance since the get-to-
gethers were started in May of this year.

Committee members planning the Christ-
mas party are Mrs. Flora Jones, Mrs.
Winifred Philla, Mrs. Margaret Rudler
and Mrs. Lorraine Sylvia.

The YWCA pool will be closed December
14 until January 6, 1974 in order to con-
serve fuel. On Monday, January 6, the
winter program will start. Registrations are
now being taken for these classes.

As a supplement to the swim courses a
free co-ed program is being offered to all
ages and to everyone interested. The pro-
gram is conducted entirely out of the water.
It consists of land drill to perfect strokes,
and a Red Cross Safety film will be shown
and demonstrations given of water safety
skills. These classes are as follows:

'Walk Together Children'

ONE-WOMAN SHOW AT SMU

"Walk Together Children" -- the longest running one-woman show in off Broadway annals, starring Vinie Burrows -- comes to Southeastern Massachusetts University on Friday, December 6, at 8:00 P.M. in the SMU Auditorium.

Vinie Burrows' collage of poetry, prose and song, evoking the Black journey from auction block to new nationtime, uses the words of ex-slaves, historical figures, plus key works by June Jordan, Imamu Baraka, Robert Hayden, Don Lee and more than a

University. She made her Broadway debut with Helen Hayes and has since performed in a number of successful plays both on and off Broadway, appearing with Ossie Davis, Raymond St. Jacques, Mary Martin, Eartha Kitt, Godfrey Cambridge and others.

She launched her career as a solo artist at Antioch College in 1963 and since then has created seven distinctly different one woman shows for the college and national theatre circuit. On November 11, 1968, Vinie opened as the sole star and performer in "WALK TOGETHER CHILDREN", the Black scene in poetry, prose and song. The critical acclaim of the New York theatre critics was instant,

unanimous and ecstatic. Clive Barnes of the New York Times called her "a magnificent performer". The New York Post said she was "Funny, gusty, diverse and colorful, ironic, apocalyptic". In rapid succession came appearances on the TODAY show, the MERV GRIFFIN show and CAMERA THREE.
